Dear Hans:

Quality products installed by skilled contractors are the foundation of Firestone Building Products' success in the commercial roofing industry. We are pleased to recognize Holland Roofing of Cincinnati Inc. for its commitment to quality with the 2006 Firestone Master Contractor Award, the President's Club Award and the Inner Circle of Quality Award.

This is the 11th time your company has been named a Firestone Master Contractor. Firestone annually awards Master Contractor status based on Quality Points received for exceptional inspection ratings and the total square footage for all Firestone Red Shield warranted RubberGard™ EPDM, UltraPly™ TPO and Asphalt-based roofing system installations completed the previous year.

Holland Roofing of Cincinnati Inc. is also one of only 33 Firestone President's Club Award recipients, marking the 10th year your company has won the award. Firestone Master Contractors who accrue the highest level of Quality Points earn membership in the Firestone President's Club.

Your company's dedication to long-term quality earned the added merit of the Firestone Inner Circle of Quality Award. This is the ninth time your company has received this honor. The 2006 Inner Circle of Quality Award was presented to 138 Master Contractors who installed a minimum of four warranted Firestone roofs in each of the past five years, maintained at least two million square feet of Firestone roofs under warranty, and achieved an annual Quality Incidence Rating (QIR) of 2.0 or less. Firestone's recently created QIR measures each contractor's quality performance based on warranty repair incidences per million square feet under warranty.

Firestone values the strong partnership we share with Holland Roofing of Cincinnati Inc., and we are grateful for your company's hard work and dedication to installation excellence. On behalf of everyone at Firestone Building Products, I would like to extend our congratulations and best wishes on your continued success.

Sincerely,
