Extending your capital investments

# PLAN & PREVENT

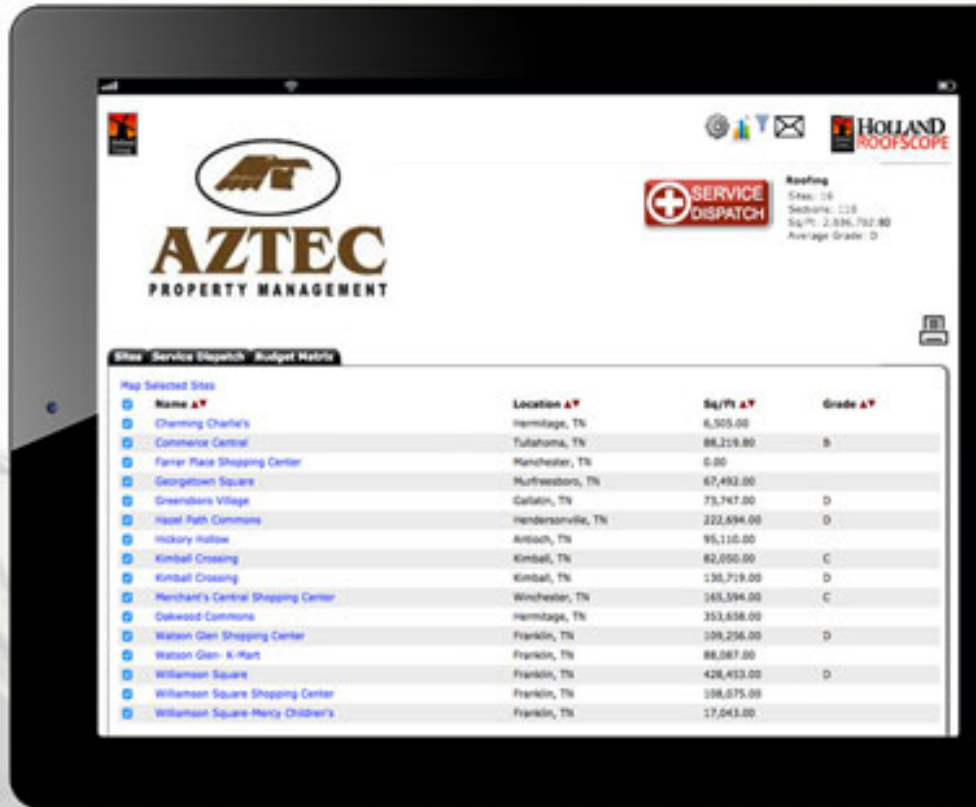

## EXTENDING THE LIFE OF YOUR ROOF

Forecasting building expense costs can be a difficult task. RoofScope's Plan and Prevent program combines real data and a preventative repair program to ensure you have the information needed to make those decisions.

Capturing the information is one thing, but using it is what matters. Dedicated account managers are assigned with every member of the Plan and Prevent Program.

We believe in Quality, Traditions, Loyalty and Dedication to our clients.

- Scheduled Roof Visits
  - Full Site Inspection Report
  - General Maintenance
- 12-Month Budgeting Options
  - 5-year Forecasting Availability
  - RoofScope Client Portal Access
- Dedicated Account Manager
  - Annual Budgeting Reviews
  - Building Continuity Programs

Safety starts here

# SAFE & SECURE

- Structural/Performance check
- System Re-certification
- Rooftop Fall Protection
- Scheduled preventative program
- OSHA Fall Protection Compliance

Holland Roofing specializes in advanced fall protection installation. OSHA has defined that the majority of falls occur when moving from the access point to the working surface.

Concerned about what is right for you? Let us inspect your property and define a secure system for your building that is Engineered and P.E. Stamped.

It all starts with the right installer

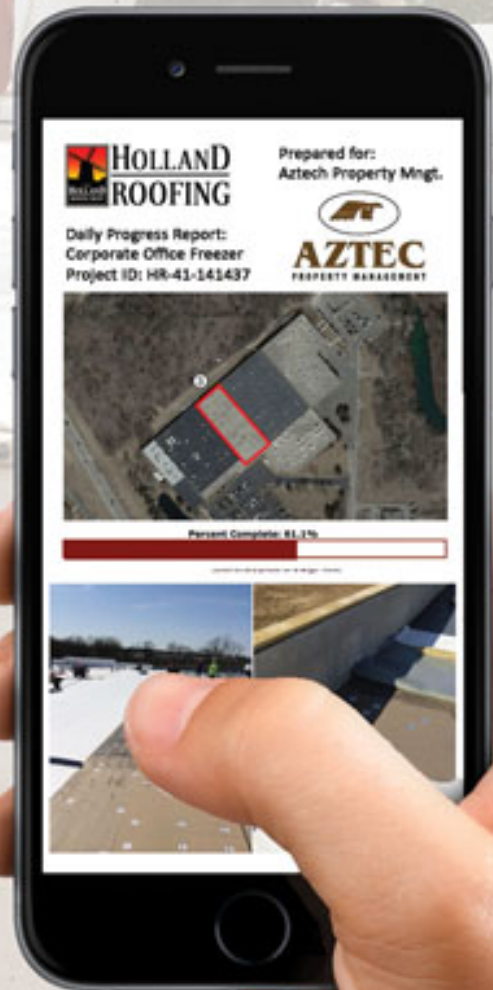

# REPLACE & PROTECT

Holland Roofing consistently earns special recognition and industry awards for outstanding value, quality and safety, on projects that have ranged from minor reroof applications to over 200 Million SF in new construction. Job for job, we always do our best to ensure your complete satisfaction.

- Daily Project Monitoring Reports (OPM's)
- 24/7 Live "RoofTop Monitor" access
- Extended Service Forecasting
- Material Recycling Options
- Holland "No Leak Guarantee"

Holland Roofing has been installing commercial roof systems since 1986. Headquartered in the Greater Cincinnati area, Holland Roofing services clients throughout the Midwest and Southeastern regions of the United States.

At Holland Roofing, we bring the skills and expertise that guarantee you a successful project every time.
